700 E N1 D

CAME TO OZAK

Dimensions (mm)

Technical Features

 °C with heater positive), RH 95% non-condensing. a (opt. 316 grade) stainless steel. ushed matt (opt. electrostatic powder coating on stainless steel). ushed Name: Optional : 040x2 mm 304 grade (opt. 316 grade) stainless steel, one by one demountable. : Satine brushed (opt. orbital brushed matt, electrostatic powder coating on stainless steel). Indicators: : ○ ● LED, standard. : 110/220V AC 50/60 Hz. (%±10), 24V DC. : ~6,2W at stand-by, during passage ~2,6+2,6W (varies according to the options and accessories used). ctionally (entry-exit). e adjusted through the buttons and screen on the control card. Entry controlled, exit free Entry free, exit controlled
e (opt. 316 grade) stainless steel. ushed matt (opt. electrostatic powder coating on stainless steel). (ctable) Arm : Optional : Ø40x2 mm 304 grade (opt. 316 grade) stainless steel, one by one demountable. : Satine brushed (opt. orbital brushed matt, electrostatic powder coating on stainless steel). Indicators : ♥ ● LED, standard. : 110/220V AC 50/60 Hz. (%±10), 24V DC. : ~6,2W at stand-by, during passage ~2,6+2,6W (varies according to the options and accessories used). ctionally (entry-exit). e adjusted through the buttons and screen on the control card. Entry controlled, exit free Entry free, exit controlled
